With reference to your office No A6 C 3987/42-43 dated
15th May 1943, forwarding copy of D O from the Law Secretary
Government re the above subject, I have the honour to state
as follows -

As the work has not been taken up on hand till now,
it may not be possible to complete the work before the end of June

The ~~District Medical Officer~~ District Medical Officer,
Tumkur, has intimated in his office, letter No 5892/ dated 16/6/43
that the establishment of tools and plant charges have been in-
creased in the original estimate

The District Board, Tumkur, at their meeting held on
15/6/43, have resolved that the enhanced quota may be paid

In view of the fact that the cost of electric materials
required for the work is increasing day by day, there is every
probability that the revised estimate for Rs 4745/- may again

15
again be revised during the ensuing year. As it is not possible to complete the work during the current year, I am of opinion that the work may be put off until it becomes possible to obtain the required materials at reasonable cost.

A reference has been made to the Superintendent, Power Lightning, Mysore, requesting to intimate, if he can arrange to get the work done at Rs. 4745/- as per the revised estimate during the ensuing year, 43-44. Soon after the receipt of reply from him a final reply will be submitted in this matter.

Revised Estimate for the Electrification of the Tiptur Taluk

With reference to our letter No. C 3977/42-43 dated 2-8-43 forwarding copy of letter No. 1022/41 4-42-110 dated 20th Jul. 43 from the District Secretary to Government, regarding the above subject, I have the honour to state that the Superintendent Power and Lighting, ^{has} intimated in his letter No. 475-17/dated 7/7/43 that the work can only be executed at a cost of Rs. 61/-

The question of paying half the cost of the work on the Funds of this Municipality was placed before the Council at their adjourned meeting held on 2-8-43 and it was resolved that the installation of electric lights in the Tiptur Taluk in this Town be put off until it becomes possible to obtain the required materials at reasonable cost

In this connection I wish to bring to your kind notice, that the original estimate amounting to Rs. 4745/- has been exceeded by Rs. 2116/- and that this Municipality has to pay an excess quota of Rs. 1053/- in addition to Rs. 2373/- sanctioned by Government in their Order No. C 3939-43 41 4-42-53/dated 12th Jan, 43 towards the execution of the work. It does not seem to be desirable to undertake such works during these hard days of inflationary difficulties, in view of the fact that the cost of electric material has been increased by leaps and bounds when compared with former rates

I therefore request that you will be so good as to kindly address Government for deferring the work in question as per the
